

Secret Beauty Spots

Finding the perfect place for a manicure, facial, massage and more can be daunting. We got readers to share where they go and what they love about their recommendations. **BY DAPHNE LING**

Facial

For a cleansing face spa, go to... Karen from Derma Beauty Shop at #01-106, 138 Tampines Street 11, tel: 6781-0039

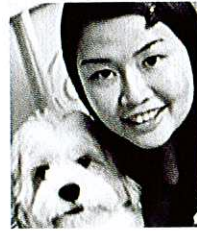

"The facial is not only cleansing and refreshing, she uses hot stones to massage your shoulders while waiting for the mask to dry off. It's like a two-in-one facial and spa. I also love that she uses quality products that are suitable for my sensitive skin." - Verlyna Lim, 27, stay-at-home mum

Massage

For an express, to-the-rescue massage, go to... Chop! Chop! Massage Express at #02-36 Chevron House, tel: 6536-3108

"This place is really good for their short massages. The 10-minute ones are perfect for tackling those knots and providing quick relief to aching shoulders that you get in between meetings." - Sarra Chan, 35, HR consultant

Massage

For an antioxidant-rich massage, go to... Spa Sauvignon at 71 Bussorah Street, tel: 6296-0980

"It's interesting that they use wine in their treatments, which is high in antioxidants – so it's relaxing and detoxifying at the same time. This is the only place I get to be massaged, scrubbed and bathed in wine. I always leave feeling relaxed after every visit." - Candice Bak, 29, accountant
